4:17 PM

Intro

Player immediately clicked start

Did not hesitate at main menu

Skipped some dialogue but read most

Found intro funny and engaging

Didn't know what buttons to use at first. Did a lot of trial and error for buttons

Observations:

- Player hesitant at start
- Start interaction not obvious
- Intro received positively

LEVEL 1

Initial Discovery

Player immediately tested controls

Discovered movement quickly

Tried jumping immediately

Tested interaction button randomly

Didn't notice he can sprint until halfway through

Think-Aloud Notes

- "Okay movement feels good"
- "Probably need to collect these" (stamps)
- "Ghost probably sees me"

Ghost Room

Player noticed vision cone immediately

Tested vision cone boundaries

Time to Leave Ghost Room:

~2minutes

Gap Section

Player struggled briefly with momentum mechanic

Attempted multiple jumps

Time to Cross Gap: 5 minutes

Did not complete without assistance

Total time: 7minutes

Level 2 — Ice Level

Player immediately noticed ice physics

Adjusted movement quickly

Liked increased difficulty

Turrets were a nice touch

Think-Aloud Notes

- "Ice is actually fun"
- "This changes everything"

Player used recall mechanic more frequently

Discovered sliding momentum

Maze Section

Player navigated maze efficiently

Collected most stamps

Time to complete: 4minutes

Time getting to maze: 2minutes

Time Finishing maze: 2minutes
